Battery

A lightweight, adult sized electric bike with Lithium Polymer battery power

The Salisbury LPX boasts a strong lightweight aluminium frame and weighs in at only 22kg including battery, but the Salisbury is no lightweight when it comes to performance, its 180W Intelligent brushless motor offers a top speed of over 12mph without pedalling. Independent tests have shown that with pedalling the 26V Li-Pol battery will take you up to 35 miles on a single full charge.

With 26" wheels, an adjustable saddle height range of 83 - 95cm and a handlebar height range of 102 - 111cm, the Salisbury is suitable for most adult male riders.

- | Lithium Ion Battery
 - | Throttle
 - | Aluminium Frame
 - | 25-35 Mile Powered Range
 - | 2 Year Warranty*
 - | Maximum rider weight: 120kg
